A. Van der Westen Dies

The death took place on Monday morning at the Holy Cross Hospital, Calgary, of Mr. A. Van der Westen, of Namaka, at the age of 59 years. The funeral takes place to Calgary Cemetery today (Wednesday).

Mr. Van der Westen's illness was of short duration. He had, with Mrs. Van der Westen, been living in Calgary for the winter, but so recently as December 16, had attended the Swenson and Boyles sale at Strathmore.

He was one of the early settlers in the district, having come here with the first settlers from Holland in 1906. Since his arrival he farmed steadily and successfully up to this year, when he took a year's rest, but was intending to resume farming again next spring. He is survived by his widow, with whom much sympathy is felt in her bereavement.

Mr. Van der Westen was highly respected throughout the district. He was of a jovial and sincere disposition, and had many friends, who will regret to hear of his demise.

Main Amusement: the ice being in fine shape.

Mrs. Edwards, of Milo, is spending a week at the home of Mrs. C. E. Watts.

Mrs. W. J. Hare and family of Kalka, spent Xmas at the home of Mrs. Duker.

Miss Violet Watts, of Calgary, visited her home during the week.

Mr. H. C. Baker, of Calgary, spent Xmas with his parents.

The Ladies Aid will meet at the home of Mrs. Baker on Thursday, January 7th.

Grain Shipments Almost 5 1/2 Million Bushels

Last Year's Total Already Reached

The 1925 crop shipments for the Western Bow Valley already exceed the total of last season's crop shipments, although a large percentage of the grain is still in the elevators or in the farmers' hands.

The average wheat yield for the district is approximately estimated at 22 1/2 bushels per acre. Some parts went over this, the Elwood district, east of Strathmore, having an average of 28 bushels.

The total shipments to December 22nd over the C.P.R. from the points mentioned below up to December 22nd, from the beginning of this year's crop movement, are 2,875,000 bushels, principally wheat. Last year's total over the same points (but not including Gleichen), and up to March 26, 1925, was 3,552,000.

From C.N.R. points in the district there had been shipped up to December 20, 1,547,000 bushels. The total for last year's crop up to March 26, 1925, for the same points was 1,456,000. The elevators are still holding large quantities of grain. Carseland on Monday had 82,000 bushels of wheat in the elevators, and other points proportionately.

Following are the figures for C.P.R. and C.N.R. furnished through the courtesy of the freight superintendents of the companies.

"1925 will be the best year they ever had, except one," said an advertising man, the other day, regarding a leading company in one branch of Canadian industry. "And the beauty of it is," he continued, "they are not worrying whether advertising pays but are constantly increasing their advertising efforts."

M. D. Keoma Meeting

The Council of M. D. Keoma, No. 249 met in regular session on December 15, 1925, at the Council Hall, the following members being present: Reeve Scratch and Councillors Messrs Walker, Dunkin, Rue Miller, Bates and Thurston.

On motion the minutes of the previous meeting were adopted as read.

Bridge Work

Mr. James Sellar, bridge builder, was present and submitted a bill for \$200.00 for construction of the bridge in division 6, under instruction received from Councillor Thurston. On motion it was agreed to pay this account.

Communication was read between Mr. Semich and the engineer of the Department of Public Works, wherein the Reeve had pointed out that in so much as the large bridge recently constructed over the Bow River between section 29 and 31 25-54 would be of no value without the construction of this smaller bridge immediate north of it, he had requested that the government bear the expense of the small one also. On motion it was resolved that the secretary was instructed to write Mr. Cushman and verify Mr. Scratch's statement in his letter of December 4th.

On motion the account of the bridge, labour and material, was ordered referred to Mr. Buckley and requested him to have the government pay the same.

Pound Matters

Mr. Brower, the poundkeeper, was present and matter of a pound fee amounting to \$12.50 on an animal received by Mr. A. Deon was discussed. On motion the fee was declared to be in accordance with the Act.

The resignation of poundkeeper Brower was accepted, to date from December 26, 1925. Councillor Rue Miller was delegated to appoint a new poundkeeper.

On motion Mr. Thurston was delegated to appoint a new poundkeeper for division 6. Mr. Gladden being away for the present.

The secretary presented a bill of Dr. Givins as Medical Health Officer. On motion it was agreed to pay same.

Report of Weel Inspector Day was laid to be brought up at the annual meeting, when the rest of the Weel Inspectors' reports will be read.

On motion a resolution was passed to close a road between sections 10 and 11 26-26-W. 4 for one mile, giving Mr. Blackburn privilege to erect a gate.

The secretary was requested to notify Mr. Morson of this action.

On motion the assessor was allowed \$150.00 for preparing the new assessment.

A resolution was submitted from the Bruce Lakes School District, demanding that steps be taken to collect all taxes in that district. The council instructed the secretary to proceed accordingly.

Flag Destroyed

The Bruce Lake School District made request for replacement of their flag, which had been destroyed while loaned to the Municipal picnic on July 1st. On motion Councillor Rue Miller was delegated to settle this matter.

The secretary presented a bill to Mr. Charles Bur for refund of taxes

due to over-assessment acreage. On motion this matter was disallowed.

Mr. Good, representative of the Grader Company, was present and discussed the guarantee of the grader as all of the wheels on same are worn out. He promised to take this up with the company and have them repaired.

The secretary reported attending the Municipal convention at Edmonton on November 25-26-27, which was accepted.

FRANK J. EWING,

Secretary-Treasurer

Municipal Convention

Report of Delegate to the Municipal Convention

—o—

The convention held in Edmonton was very largely attended, 220 accredited delegates registering from all parts of the province. Some of the more important resolutions are outlined in the resolution adopted: Profits on sale of liquor. It was requested that the government keep all such profits derived from the sale of liquor under the Alberta Liquor Act as a part of the general revenue of the province and that the Municipalities be relieved of payments of the supplementary revenue tax.

Poll Tax

The Poll Tax question as adopted in previous years was passed as follows:

In this resolution it requests that the Municipal District be empowered to levy a Poll Tax of \$2.00 on the wage earners who are not otherwise paying a tax. The revenue derived from same was accepted to offset the charge of indigents. This resolution was debated at great length. Mr. Headley presented two drafts which he proposed bringing to the next session of the legislation. The convention, however, voted both down and called for the Poll Tax.

Alternative to Saturday Meetings

A resolution affecting a portion of our Municipal District was passed requesting the government to allow the Council to hold the annual meeting on some day other than Saturday, for the purpose of giving the Seven Day Adventists an opportunity to attend.

Many resolutions were passed in regard to the Pounds, Tax Recovery Act, School Land and Debenture Issues, Workmen's Compensation Act, Movable Allowance, Care of Indigents, Co-operative Credits and the Removal of Penalties.

A resolution was passed as contrary to a proposed levy of the Telephone Tax, which aimed to provide taxes on land for the provincial telephone system.

Delegates were present from Saskatchewan, Manitoba and British Columbia, who were called upon to speak, and who outlined some of their problems in mutual relation to our own.

The convention lasted three days, at the close of which time many resolutions were left with the Resolution Committee to deal with. We expect our next convention will be held at Calgary.

Hall Insurance

A meeting of the delegates was held in the evening of November the 25th, when the Hall Insurance Act was discussed. Mr. Towell, manager of the

Hall Insurance Board was present and outlined the proposed system of surcharged areas. He frankly admitted that the Municipal Hall Insurance Co. is not getting the business in the southern half of the province, while the bulk of their loss is being carried in the belt. After much discussion the delegates endorsed the plan. Our Municipal District being in a hall district was rated among the highest.

The secretary visited the Department of Municipal Affairs and interviewed the Tax Commissioner and the Department of Equalization Assessment Board and lodged the formal appeal against the proposed increase of 32% in our assessment.

F. J. E.

Dalemead

Mr. C. Hable left for his home in Marley, Ill., after returning from his hunting trip.

Mr. O. Grandy left for the States to visit his mother, who was very sick.

The Christmas entertainment which was given at the Hall Wednesday evening was a great success. A fine programme was given by the pupils of the Strathmore, Oakland, Arboreast and Newton schools. Santa Claus distributed the many presents to all.

The Misses Ginnell and Grace Colwell who teach at Owen, Alberta, are spending their holidays at the home of their sister, Mrs. Andrew Van der Velde, and their brother, Mr. Chas. Colwell.

The majority of the McKinnon family, from Calgary, came to attend the Christmas entertainment Wednesday.

School Column

Thirty-two dollars was paid in prize money to the winners in the recent Spelling Tournament, of this amount twenty dollars was won by Carolyn pupils, eight by Strathmore, and four by Berta Vale.

Considerable activity has been shown by the branches of the Red Cross Juniors organized in Miss Sanford's and Mr. Crowther's rooms. Goods and money have already been sent forward to the hospital.

The rooms in Strathmore School have been as nearly as possible of an equal size during the last term. The average attendance of pupils per teacher was 23, with 31 in room 1, 30 in room 2, 23 in room 3, 35 in room 4, and 23 in the High School Room. The number of pupils taught by each teacher was 37, 36, 37, 40 and 37 respectively, or a total of 187 for the term.

When are we going to have a skating rink. When weather permits?

United Church Notes

Xmas, with its delightful remembrances, and concerts, and good cheer, is once again behind us, and a happy time it has been in this district. The Xmas concerts at Jarvis and Tule, and Rockyford were all good, and here and there along the new road we are about to tread happy little memories of 1925's events will suddenly pull at our heart strings.

We would like to extend to all our people connected with our Church "A Happy New Year."

The door of 1925 swings open, and as it opens there is always a good deal of fascination for us, and we wonder what awaits us.

"Fear," facing the New Year, says, "What will it bring?"

And is dumb, dreading the hidden ways "Faith," looking upward, says, "Let it come."

God is in everything. He ordereth the days. Let us make a track to the Houses of our Prayer on the first Sunday of 1926.

Don't forget Nellie McLaugh's visit to Rockyford January 15th. It will be good.

Xmas Concert

We are glad to state that the fifth annual Xmas concert put on under the direction of the United Church Sunday School was a complete success. The children certainly executed the exercises, and all those who were greatly appreciated by a crowd of between 200 and 400 people. The direction of the concert was under the able leadership of Mrs. Walrod, who gave unstintingly of her time, patience, and effort to make this event a success, and those who assisted her in the training of the children and the preparation of the music to be contributed of their own.

The stage assumed a somewhat "Christmasy" look, and it was hard for us to believe we were in the old hall. A very nice piece of American scenery covered the back of the stage, which was most suitable for the occasion. An old time "Mystery" play carried us back to early Xmas history, and the young people, who so carefully and reverently acted the parts are worthy of the highest praise. It would be unfair to mention anyone for special remarks, as all in their respective parts did their best in a creditable manner.

Mr. Rogers read the scripture portions, and Miss Edna and Mr. Jim Kenworthy supplied the musical parts.

The girls drill, with its blending of colour and graceful movement, won the admiration of the audience.

The "Wonder Soldier" drill was something but wondrous. The Gypsy scene made us feel sad; the "Pleasant Xmas" made us laugh; the Gypsy made us feel sorry; the Camel, with his hump, made quite a sensation; and the little tots, bless their dear hearts, always touch our tender spots.

Of course old Santa appeared at the close of the concert with his usual "Crash and Good cheer. He quickly proceeded to distribute 150 dollar boxes of candy and nuts to all the children present irrespective of language and creed.

Mr. Post, in his usual breezy way, presided over the gathering, and spoke at the work of the Sunday School, and his aim to teach the word of God, but the characters of our young people may be given the right direction.

The committee are pleased to acknowledge with thanks an offering of some \$50, which, after the expenses of the concert are met will be given to some needy cause.

Mr. Gorrell has asked that we extend his grateful thanks to his fellow teachers, to the pupils and to the parents and friends for their interest and hearty co-operation, which was in a great measure responsible for the success of the evening. The admission charges more than defrayed the expenses of the evening. The surplus will be

used to put on lantern lectures for the school children on Friday evening. Announcement regarding the lectures will appear later.

Mr. H. C. Farthing spent his Christmas holidays at the Minnehaha ranch west of Cochrane, the guest of Mr. and Mrs. B. Rhodes.

BEGIN AGAIN

Begin again,
The year is new,
The past is dead!
Let us be few
And quickly shed;
The man of hope
Will stronger be
To do his best
And trust the rest
To charity.
Then be who mourns
Despairingly.

Wedding

THOMPSON-MILLER

The home of Mr. and Mrs. J. G. Miller, Cheadle, was the scene of a pretty wedding on Friday, December 25th, when their daughter, Margaret Leimona, was united in marriage with Richard Arthur Thompson, of Wexford, Alberta. The ceremony conducted by the minister of the United Church, Rev. A. H. Rowe, took place in the presence of the immediate members of the families, the house being tastefully decorated with the trimmings of Christmas.

The bride was given away by her father, and the bride's brother and sister, Mr. R. J. Miller and Miss Coy Miller, supported the young couple.

Many beautiful and useful gifts from a large circle of friends suggested the esteem in which the young couple are held, and good wishes for their future.

THE UNITED CHURCH SCHOOL XMAS TREE

The annual Christmas concert of the Strathmore United Church School took place on Tuesday evening, December 22nd, in the church.

There was, as usual, a very large audience who were all greatly pleased with the interesting and instructive programme presented by the members of the school. The main item on the programme was the presentation of White Gifts for the King, which were placed by members of the school at the foot of a white cross on the platform. These gifts, together with an offering of money, which amounted to \$17.44, were sent to the Wood Homes for Children, at Olds.

MONTREAL, Que.—A despatch from London, England, is to the effect that British figures show that during the first nine months of the current year 25,817 emigrants of British nationality proceeded to Canada. This compares with 17,716 who went to Australia, 7,543 who went to New Zealand, and 14,668 who went to the United States.

Christmas and New Year in London! What visions these exiled sons of England had conjured up in the long, lean years before they wrested from the soil their means of return. And now, to be there again. Of course, it is only for a while. But they are able to return to their respective places in the scheme of affairs in their adopted country and work with increased enthusiasm to make their lands yield the maximum. They are better citizens for they will endeavour to make this Canada the staunchest and

Keoma Notes

The Cheadle Tigers and Bruce Lake Sheiks displayed a very good brand of hockey on Sunday, December 20, at Bruce Lakes. The Sheiks won with a score of 2-0. Bob White was the shining light in the Sheik's line-up, supported ably by Art Dickson. The visitors showed their good sportsmanship when things didn't go as anticipated. Dick Cosgrave couldn't get his feet out of the stirrups, and it resulted in a couple of spills. However, they expect to reverse the results next Sunday when the Sheiks will invade the Tigers' stamping grounds at Cheadle. George Scott handled the game to the satisfaction of all concerned.

The Bruce Lakes school held their Christmas tree and concert on Monday, December 21. The children acquitted themselves very creditably. Santa Claus arrived on time and distributed the toys and well filled candy bags to all the delighted youngsters present.

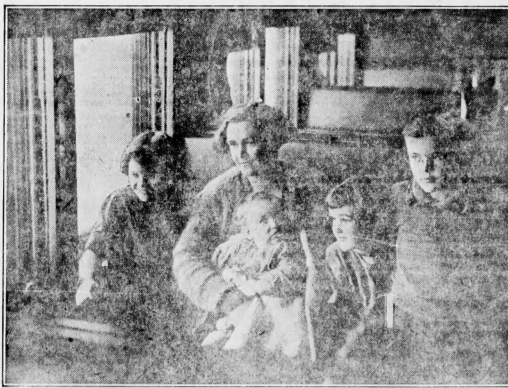

The Keoma school held their Xmas tree and concert on Wednesday, December 23. Owing to the small school, games were indulged in by all after a short, but excellent programme. Santa Claus arrived on time to distribute the candy and toys.

The marriage of Doreen P. Hall and Robert J. McKay, both of Keoma, was solemnized at Central Methodist Parsonage on Saturday, December 19th. Rev. W. H. Avison officiating.

The U.F.A. of Keoma, held the annual meeting in the schoolhouse on Saturday, December 19th. The following officers were elected for the ensuing year: President, A. Kuehnler; Vice-president, J. G. Hanby; Secretary, Treasurer, T. W. Hull; Directors, L. Allway, W. Rindell, V. McKay, E. Brasher, A. Williams.

Sickness is very prevalent in the district, children especially being sufferers. The small daughter of Mr. and Mrs. Danerob; and Marion Kerr, daughter of Mr. and Mrs. Kerr, both being removed to Calgary suffering from a severe attack of pneumonia. We wish both a speedy recovery.

When Dreams Come True

Bumper crops and good prices have given western farmers an opportunity to visit scenes of boyhood days. Builders who took up farm lands in the Canadian West are taking advantage of the good season to sail back home for a view of familiar but long hidden sights and faces. Every out-going train carries scores of happy men and women bound for the Old Country.

Here and there among the surging passengers getting ready to change from train to boat are the eager, expectant faces of easily recognizable Londoners. They are going back after years of toil and hardship, fully rewarded with substantial success. Every one of those men carry a picture of London in their hearts. Every minute seems a day on the long journey across the Atlantic. But soon they will see once more the gay night life on the Strand, mingle with the crowds, rub elbows with their countrymen, join first night audiences at theatres, tour the city in clanking taxis, amuse the gawking sub-bunger with one more walk around Piccadilly and a stroll through Leicester Square.

LOCAL NOTINGS

Mr. Charles Payne, at one time on the staff of the Standard, for some years past with the Red Deer News, left Red Deer recently for Spokane, where he is going to take a course in business operation. Before leaving Red Deer he was the recipient of several presentations.

Mr. R. Fox paid his farewell visit to Strathmore last week-end, and with Mrs. Fox and daughter has left on a trip to California. After leaving California he purposes motoring across the continent to New York, taking shipment thence for England.

Mr. John de He, who is now in Holland, writes stating that he has been married, and sends best wishes to all in Strathmore.

Mr. John Taylor, farming north of town, leaves today on a visit to his ancestral home in Ireland. He expects to be back here by the beginning of April.

We regret to learn that Constable A. S. Hale, A.P.P., has been transferred to Cochrane, for which point he and Mrs. Hale and family leave today. Constable Hale has been a painstaking and efficient officer, and has always done his duty. His successor here is Constable Tate, from Jannet, blocked and the temperature at one time reached 50 below zero, while this year there has not been enough ice for curling, and cars have been able to travel every day.

Ardenode U.F.W.A.

The annual meeting of the U.F.W.A. was held at the home of Mrs. Horrocks on December 15th.

A lot of business was transacted during the afternoon amongst the most important was the report of the delegate, Mrs. P. H. Donkin, from the Service District Association Convention held at Rosebud, mainly dealing with the country pool.

The election of officers took place, and the financial report was given.

The old officers were all re-elected. Mrs. J. Pirie was elected as delegate, having given good and faithful service for four years, and the secretary for

One man power locomotion has its advantages over any number of motor cars. For example, a locomotion, when the car refuses to function, a local drop dispenser had reason to congratulate himself that his legs were in good working order, when his car broke down a number of miles from Calgary. However, before long he got a ride for the most of the remainder of the distance, but for a time he presented a striking spectacle, striding along the open road in the clear frosty atmosphere of Christmas day, his autumn legs adding a touch of colour to the whiteness of the landscape.

Local merchants are generally well satisfied with the holiday business, which exceeds that of last year.

The month that is just concluding has offered an agreeable contrast to the same month last year, in respect to weather. Last year the roads were

Mrs. E. E. Thompson, who we are very sorry to hear, is leaving the country, was presented with a lovely scarf as a farewell token. Mrs. Thompson, who has been a faithful worker with us will be greatly missed.

The U.F.W.A. are planning to have a White Drive (Social and Dance) on January 8th, to raise funds for their delegate's expenses to the annual convention. All are welcome.

Mrs. J. Pirie was elected as delegate to the annual convention to be held in Calgary in January.

"MAKE IMMIGRATION HUMAN" SAYS C. P. R. PRESIDENT; SIR THOMAS WHITE PAYS HIM HIGH TRIBUTE

Addressing the Associated Boards of Trade banquet at Winnipeg recently, E. W. Beatty, chairman and president of the Canadian Pacific Railway, said that one of the most significant facts of the conference was the desire of men from all parts of Canada to discuss the country's problems from an economic and national point of view, free from the bewildering influence of political manipulation. "This," Mr. Beatty said, "leads me to the inevitable conclusion that the question of Confederation on the principles of national unity which enabled the fathers in establishing it cannot be solved by political manipulation, but only by that mental attitude which comes from understanding and is the result of honest education."

In order to achieve national prosperity, Mr. Beatty advocated an extensive immigration policy to supply the man power necessary for the "largest undeveloped country in the world." "If I had any suggestion to make in respect to this question," continued the president, "I would suggest that we take it out of the field of statistics and place it in the field of human relations. We are apt to forget that the people who come to our shores are not so many hundreds or thousands of British or Continentals with or without settlers' effects. They are human beings, members of families who have torn themselves up from old homes, homes in some cases centuries old, to come and live in Canada, to be neighbours, if we are willing to be neighbourly, and to become good citizens if we only hold out a welcoming hand."

"We realize how great the wrench must be when we learn that some bring with them a handful of earth so that when the time comes for them to die in Canada it may be scattered over their coffins. I wonder how many Canadians, who have made the trek to the United States, have ever thought to carry with them a handful of Canadian soil. No immigration scheme for Canada can ever achieve success unless due allowance is made for such human factors."

On the same occasion Sir Thomas White, former Federal Minister of Finance, paid a high tribute to Mr. Beatty. Sir Thomas said that he had always looked upon Mr. Beatty as a representative Canadian who embodied the qualities which are to be found in true Canadians. Mr. Beatty had carved his own niche in Canadian affairs and had made his own way in the world as in the manner of Canadians. As president of the Canadian Pacific Railway, Mr. Beatty occupied one of the highest positions in the Dominion and was absolutely unspotted by his enormous success, and Sir Thomas liked to think that in this the former was also a characteristic Canadian.

Referring to the improvement of the Canadian Pacific Railway, the former Finance Minister pointed out that the history of the Dominion and the Company were intertwined and could not be dissociated. The Canadian Pacific Railway had stood as the type of exemplary Canadian enterprise and courage in the face of apparently insurmountable obstacles. Sir Thomas also commented favourably on the good work the Canadian Pacific Railway had done during the Great War, and later on in going ahead with work at the request of the Government, in order to give employment to soldiers who were returning after the war.

A RETROSPECT

Very few people will have anything but pleasant memories of 1925, the year that is just drawing to a close. Those who have been in contact with the Great Reaper, will be the exception, but every year has its bereavements.

Then earth has yielded abundantly all over Western Canada, and good prices have prevailed for farm products. Agriculture is the foundation of all prosperity. The weather in Alberta during September and October damaged the grain somewhat, but the yield was better than expected, and the prices generally have been good.

The West is on a more solid financial foundation than ever before. The growth of mixed farming has been phenomenal. As a result the prospects for next year are very good indeed.

In world affairs the outlook is better than in any previous year for many past. Anxiety has increased among the nations, as is evidenced by the Peace of Locarno, and the decrease of armaments. Long may the good feeling prevail.

International trade is improving. The countries that for some years devalued their currency until it was almost worthless, have taken steps to rehabilitate it, with the exception of France, and it is safe to say that before long France will follow the example of her neighbors.

But, after all, while material prosperity means much, it does not mean everything, and we believe the world is progressing to a higher humanity. There is to be noted, of course, the remarkable increase of crime in the United States, but we believe that the people of the great country are now thoroughly aroused to the evil, and they will take vigorous steps to correct the tendencies towards crime by more efficient legal measures than in the past.

Of course, people can not be made better by legislation. Reformation must proceed from the individual first of all, and for that reason we should all be doing our best to maintain the institutions, such as churches, schools, etc., which aim at the betterment and enlightenment of the individual man, for the stability of the home, and the education of the young.

We believe that a peaceful revolution is in progress. It is more evident in countries such as Great Britain, where population is dense, and the problems of industrialism are more intense than they are in Canada, with its comparatively sparse population. In the past Britain has led the world in experiments in democracy and liberty. It is wrestling now with the problem of the relations between capital and labour, and we have no doubt that as in the past, it will find the way out, and that its example will ultimately be followed by the rest of the Western world.

The forms of civilization must ever change in order to meet changing world conditions, otherwise there would be stagnation.

But while we turn our attention to world conditions, we can each do our bit in our own communities by endeavouring to live at unity with our neighbours, practicing honesty, observing the laws of our country, helping in every movement for the betterment of ourselves and our children, and giving our aid to every step our community takes in a progressive direction.

Thus we can ensure to ourselves and our descendants a succession of Happy New Years.

EDMONTON, Alta.—Since the commencement of the grain shipping season this year, or from August 1 to December 5, the Canadian Pacific has marketed forty-three and a quarter million bushels of wheat in Alberta, and three and a half million bushels of other grain. This is a big increase when compared with the previous year, when thirty-six million bushels of all grains were marketed.

REMINISCENCES

Another year has gone, and with it the reminiscences of days that are past flash through our memories.

How time flies! It seems like yesterday since we drove along the prairie before the steel was laid, and gazed with admiration on herds of sleek cattle and bunches of long-tailed horses, up to their knees in prairie wool.

I think my first meal in this district was at the ranch house of Tom Chamberlain on the Servierby Creek, and many of his guests at that time were prospective land buyers, captained by the redoubtable Mr. Peel, of the C.P.R. In those days he was just "Peel". I never heard anyone call him Mr., and I don't think he had a Christian name, if he had he never mentioned it to anyone. He is now in charge of a big C.P.R. agency in the U.S.A., and in all likelihood will have a "predix".

"Peel" could sell land like hot cakes, and his description of what Nightingale was to look like in five years would bring tears to the eyes of the Prince of Wales. Where the lake is today was to have been a public park, with a marble fountain imported from "Sandringham", and irrigation water spouting from the mouth of a cherub.

"Peel" used to maintain that when Nightingale became the most thickly populated district in the irrigation block with a happy and prosperous family on every eighty acre he would have Bert Huffman write a poem about "after the style of 'Sweet Auburn' loveliest village of the plains.

Speaking of Bert Huffman reminds me that Bert was no mean land agent himself. In fact it was his love of the prairie that started him into writing poetry. That's the feeling it gave all of us, but the C.P.R. men got a vision with it and Bert sure could enlarge upon it. His description of what Tudor was to become has got a place in the classics. It too had a fountain about where the soapbuds are today, and with a park planted with beech and laburnum from the woods of Craigleith.

Well, it's quite possible yet, and so many things have come to pass that I still like to think of the vision becoming a reality.

Next week—The outlook from Monument Hill.

"SCOTTY"

A prize of \$1,000 weekly, offered by a Chicago publication for a deed of bravery, comes to Canada for the first time. J. B. Partridge, fireman on the Canadian Pacific Railway, on the run between Calgary, Alta., and Field, B.C., is to receive the reward for saving the lives of five men who were in danger from a huge rock and mud slide on the Field Hill, August 21 last.

Canadian roses grown at Brantford, Ontario, and sent to Sir George McLaren Brown, European general manager of the Canadian Pacific Railway, stationed in London, scored a decided hit with Londoners. Large crowds gathered to see the Canadian blooms which were on display in the windows of the offices of the Canadian Pacific Railway in Trafalgar Square.

Christmas holiday passenger traffic to the British Isles was especially heavy this season on Canadian Pacific Railway lines. Over 1,200 passed over these lines in the last two weeks of November, while others arrived later in time to get the S.S. Melita and the S.S. Metagama which sailed from Saint John, N.B., on December 10 and 21. Weathermen all seem to be in very good financial circumstances owing to the good crops the past season.

was quite proud but that was not enough. He wanted some "inside dope" on how the actual big locomotives were run. Unbeknown to his parents he journeyed forth in search of the desired information. He found a good listener under whom Mr. Flavey started rail reading. Little Raymond is a grandson of John (Dicks) Judge, famous engineer to his grandson in the person of J. H. Flavey, crack locomotive engineer for the Southern Pacific Railroad. And to be sure the genial Mr. Flavey accommodated the youngster with enough "inside dope" to keep him thinking for a while.

Here and There

During the twelve months ended
October 31st, 1925, Canada exported
to 53 countries and colonies 52,963
cars valued at \$25,108,869 and
trucks valued at \$1,910,000 and also
auto parts worth \$5,573,875. Auto-
mobile exports during the corre-
sponding period 1924-25 totalled 45,
194 cars valued at \$23,109,331.

A total of 18,361 acres was plant-
ed to tobacco in Ontario in 1925,
yielding 20,623,000 pounds accord-
ing to figures issued by the Federal
Government. In 1924, 12,272 acres
were planted, yielding 12,135,000
pounds. In 1925 the average yield
per acre was 1,150 pounds as com-
pared with 914 pounds per acre last
year.

Branch offices of Japanese flour
mills are to be established in Win-
nipeg soon, it is understood, so as to
be in a good position to buy wheat.
Two representatives of the Mislin
Flour Mills and Mitsui Grain Com-
pany, of Tokyo, were in Winnipeg
recently making arrangements for
the purchase of 150,000 tons of
wheat for the two firms.

Ernest Rolph, a Toronto architect,
has claims to the discovery of the
first fossilized remains of eggs of
prehistoric reptiles. He found them
in a deep cutting between Leithridge
and MacLeod in the shape of 15
perfectly round stones. The eggs
measure 2 1/2 inches in diameter and
are now being investigated by Pro-
fessor Parks of Toronto.

In order to create a better under-
standing of the game, an all-star
team of English badminton cham-
pions arrived in Saint John, N.B.,
recently and made a tour right
across the Dominion, exclusively on
Canadian Pacific lines, playing ex-
hibition games in the largest cities.
Sir George Thomas, Bart., is cap-
tain of the team which sails for
home on December 30.

M. U. Bates, who operates a chain
of camps in the Metagama district
of Ontario, reported to the forest
department of the Canadian Pacific
Railway that the record for the 1925
season was fourteen moose, two deer
and one bear, taken by ten parties
of hunters totalling 22 persons.
Most of the visitors were satisfied
as 75 percent of them made reserva-
tions for next year.

Twelve months of un-
precedented prosper-
ity and Joy is our
New Year's hope for
you!
